INSTRUMENTATION

Light Microscopy

- INS-500: Modern Polarized Light Microscopy
January 9–13, 2012
June 25–29, 2012
October 8–12, 2012
- INS-505: Freeze-Dry Microscopy
June 5–6, 2012

Electron Microscopy

- INS-510: Scanning Electron Microscopy
January 9–13, 2012
March 26–30, 2012
October 15–19, 2012
- INS-520: Transmission Electron Microscopy
March 6–8, 2012
October 30–November 1, 2012
- INS-605: Advanced X-ray Microanalysis by EDS
July 11–13, 2012
- INS-610: Advanced Imaging Techniques for Scanning Electron Microscopy
July 9–10, 2012

Spectroscopy

- INS-525: Infrared Microscopy
April 3–5, 2012
October 30–November 1, 2012
- INS-530: Raman Microspectroscopy
February 21–23, 2012

Imaging/Software

- INS-545: PAX-IT Image Database and Image Analysis Workshop
May 16, 2012

SAMPLE PREPARATION

- SMP-500: Microscopic Particle Handling: Particle Isolation, Manipulation and Mounting
October 16–18, 2012
- SMP-515: Sample Preparation: Forensic and Trace Evidence
April 17–19, 2012
- SMP-510: Sample Preparation: Polymers, Paints and Coatings
November 8–9, 2012

SAMPLE PREPARATION, *continued*

- SMP-520: Particle Isolation for Transmission Electron Microscopy
March 5, 2012
October 29, 2012
- SMP-525: Sample Preparation: Sperm Isolation
April 20, 2012

MICROSCOPICAL EXAMINATION & IDENTIFICATION

Pharmaceutical

- MEI-630: Pharmaceutical Materials & Contaminants
September 17–21, 2012

Forensic

- MEI-605: Hair Comparisons and Identification
April 23–27, 2012
- MEI-610: Fiber Identification
May 14–18, 2012
- MEI-615: Forensic Soil Examination, Part 1
July 30–August 3, 2012
- MEI-616: Forensic Soil Examination, Part 2
October 22–26, 2012
- MEI-620: Forensic Paint Identification & Comparison
February 27–March 2, 2012
September 10–14, 2012
- MEI-625: Identification of Building Materials
October 1–5, 2012
- MEI-645: White-Powder Unknowns, Part 1
February 13–17, 2012
- MEI-660: Gunshot Residue Identification
May 7–11, 2012

Cultural Preservation & Conservation Studies

- MEI-635: Pigment Identification
March 26–30, 2012
